

# MobiPrint 4+

The latest generation of Multipurpose Android™ Mobile Cash Payment solution with thermal printer, large full touchscreen, high grade NFC reader and universal 4G cellular connectivity .

Complete solution for printing and reading tickets of all types (NFC, barcode, QR codes). Its large touch screen allows comfortable use of web applications.

## Entertainment

A unique solution that satisfy all the needs

**Lottery and sports betting companies:** High quality product and rich set of API to secure investments and ease apps development.

**Agents:** High speed printing capabilities, large touch screen and barcode/QR code/NFC reading to help serving customers faster

**Players:** High quality printing and elegant design providing confidence to customers

## Financial Inclusion & Mobile Payments

The ideal solution to help unbanked people to get access to Mobile Payments and Financial Inclusion Services in shops and kiosks.

The combination of Android 10 and MobiPrint APIs, allows companies to propose multiple services on a single device while blocking installation of unwanted or unauthorised applications.

## Know Your Customer

Addressing international AML/CFT requirements

KYC has introduced security rules to protect customers and agents, however it has also introduced complexity to the sales processes.

MobiPrint4+ helps professionals to validate the identity of their clients seamlessly during the sales process. Its high quality NFC reader and its 13Mpx camera allow agents to scan various ID docs before processing the transaction and print a receipt, a voucher, a proof of ID, etc...

## About MobiloT

MobiloT SAS, subsidiary of the MobiWire group, is a French company specializing in industrial IoT and M2M devices.

We imagine, design, manufacture and maintain long life products (own brand, OEM / ODM) to help our customers to leverage their business, simply and quickly, through the use of reliable and proven technologies.

MobiWire Group has more than 2,500 employees, including 500 people in R&D and more than 200 people dedicated to quality.

Aware of the importance of respecting the rules of Ethics, and its role in reducing the impact of industrial activities on the environment, Mobiwire Group is committed to carry out a policy of banning inappropriate human behaviour, direct or indirect use of products deemed harmful or potentially dangerous, and reducing its greenhouse gas emissions.

In 2020, MobiWire and its subsidiaries were once again awarded by Ecovadis, Gold Medal for their CSR performance.

Large full Touchscreen

High speed printing

High grade NFC contactless payments

Connect everywhere, anywhere

## Technical specifications

### OS

Android 10  
SDK, custom API, custom firmware

### Memory

16GB ROM + 2GB RAM

### CPU

Mediatek MT8765  
Quad Core Cortex A7 @ 1.3GHz

### Display

Capacitive Touch Screen  
5.45" HD+ IPS

### Camera

13MP Auto-Focus, White LED flash  
Barcode & QR Code reading

### Keys

4 programmable keys

### Network

2G, 3G, 4G

### WiFi

IEEE 802.11 b/g/n - 2.4GHz  
IEEE 802.11 a/n - 5GHz

### Bluetooth

Bluetooth 5

### NFC

NXP chipset, ISO A4443 A&B, incl. Mi-fare Ultralight, Ultralight C and Classic, FeliCa

### Location

GPS/Glonass/Beidou

### Cards

Dual SIM 4FF, Smart card 2FF ISO7816  
Micro SD card

### Printer

100 mm/s - 18lines/s  
Paper 58mm width/40mm Diam.

### Connectors

USB Type C, OTG 2.0

### Power

2600mAh - 7.2V Li-ion, 3h charging time  
Input: 110~230V 1.5A - Output: 9V 5A

### Dimensions & weight

195 x 84 x 55mm  
450g

### Operating conditions

Temp. -10°C / + 50°C; Humidity <75%  
Drop up to 0.8 m

### Accessories

Docking and charging station  
Secure mounting solution
